LinkedIn: [linkedin.com/lavanya_satha](https://www.linkedin.com/lavanya_satha) | **GitHub:** github.com/Lavanya5116

Objective:

A second-year AIML engineering student with a strong foundation in C, Python, Machine Learning and passionate about web development, I'm focused on building real-world projects while continuously learning tools and technologies to grow in the tech industry.

Area of Interest:

- Data Scientist (Machine learning, Deep learning)
- Full Stack Development

Education:

- **Bachelor of Engineering in Artificial Intelligence and Machine Learning** | Dr.Mahalingam College of Engineering and Technology, Autonomous, Pollachi | **May, 2028 - 8.3 CGPA**
- **HSC** | Bhaarith Vidhya Bhavan Matric Higher Secondary School, Palani | **May, 2024 - 91%**
- **SSLC** | Bhaarith Vidhya Bhavan Matric Higher Secondary School, Palani | **May, 2022 - 89%**

Skills:

Technical Skills:

- Programming Languages: Python(with libraries Matplotlib, Numpy, Pandas), C, Java
- Database SQL
- Debugging and testing
- Machine Learning(Intermediate)
- Version Control(Git)

Soft Skills:

- Problem-Solving: Finding solutions quickly and efficiently
- Time Management: Prioritizing tasks deadlines
- Teamwork: Collaborating effectively with others

Projects:

- Resume Score Matcher using Machine Learning
- Project Role Assigning Assistant using Neural Network

Certifications and Achievements:

- Completed Machine Learning Specialization course on Coursera by Stanford and DeepLearning AI
- Completed Master class on AI careers by GUVI
- Completed Master class on Freedom with AI
- Participated in Slide Fest (Technofete) at Dr.Mahalingam college of engineering and technology
- Participated in Hackathon(Heart Attack Predictor using AI) conducted by Rathinam Group of Institutions
- Participated in Smart India Hackathon(Smart Tourist Safety System)
- Participated in coding competition in Jansons Institute of Technology(Break2Build)

Extracurricular Activities:

- Volunteered at organizing Hackathons and managing tasks with responsibility
